One-Day Symposium on Implementation Science (ImS)

Makerere University, Kampala, Uganda: November 5, 2014, Food Science Conference Hall, Main Campus

OBJECTIVE: The goals of the one day symposium are to introduce participants to the topics that comprise Implementation Science research and to encourage the exchange of implementation science related experiences among researchers, practitioners, and implementation science leaders.

WEDNESDAY, NOVEMBER 5, 2014 - ONE DAY OVERVIEW OF IMPLEMENTATION SCIENCE

| | | |
|------------------|---|---|
| 0830-0900 | Registration | Richard Senwewo, College of Health Sciences Lobby, Food Science Conference Hall |
| 0900-0910 | Overview of the day's goals and agenda | Professor Art Reingold, UC Berkeley Achilles Katamba, College of Health Sciences |
| 0910-0915 | Welcome | Professor Nelson Sewankambo, Principal College of Health Sciences |
| 0915-1000 | Introduction to Implementation Science | Adithya Cattamanchi |
| 1000-1045 | Approach to Translating Evidence into Practice | Luke Davis |
| 1045-1115 | Tea Break | |
| 1115-1200 | Scaling up Implementation Science in sub-Saharan Africa | Keynote, Professor Peter Mugenyi |
| 1200-1300 | Panel Discussion – What are the needs for ImS in sub-Saharan Africa? | Professor Peter Mugenyi Professor Nelson Sewankambo Professor Harriet Mayanja-Kizza Achilles Katamba Adithya Cattamanchi Luke Davis Moderator: Professor Art Reingold |
| 1300-1400 | Lunch Break | Canteen, Food Science Conference Hall |
| 1400-1445 | Community-engaged Research and Practice | Sara Ackerman |
| 1445-1600 | Implementation Science Case Studies | Moderator: Achilles Katamba |
| 1445-1500 | Community Engagement of Traditional Health Workers in the Early Detection of Kaposi's Sarcoma in Rural Uganda | Aggrey Semeere |
| 1500-1515 | Enhancing Uptake of Male Circumcision by Engaging Female Partners | Andrew Kambugu |
| 1515-1530 | Reducing Failure to Initiate Antiretroviral Therapy among Eligible HIV- Infected Patients | Fred Semitala |
| 1530-1545 | Partnerships for Effective Community Engagement | Karen Webb |
| 1545-1600 | Implementation Research for Impact on Maternal and Newborn Health –Experiences from Uganda | Peter Waiswa |
| 1600-1700 | Question & Answer Panel: Implementation Science in Research and Practice | Sara Ackerman Andrew Kambugu Fred Semitala Karen Webb Aggrey Semeere Peter Waiswa Moderating: Achilles Katamba |
| 1700-1800 | Networking Reception | Lobby, Food Science Conference Hall |
